### Read these before generating the numbers:

It is suggested to select your numbers with utmost care.

*Never choose all even or odd numbers.*

*Similarly, sequential numbers having same ending like 2, 12, 22, 32 and so on can never make you hit the Powerball jackpot. In this case, generate other numbers.*

This two-dimensional app generating numbers contains an algorithm, **UNIQUE IN THE WORLD** that acts like real lottery draws. As in reality, every number is chosen in a certain time. This is how it happens with the app and it generates the time as well as the numbers, being the closest simulation to the real lottery draw. You can choose how many even and odd numbers the app to generate and play. There is also a random option for Lucky Numbers and Additional Number that generates numbers randomly but in a certain time. Powerball is an American lottery game traded by 45 lotteries as a shared jackpot game. Multi-State Lottery Association coordinate this game. It is a non-profit organization formed as per the agreement with multiple US lotteries. Powerball's minimum advertised jackpot is \$40 million per annum with a potential of nine-figure prizes. For Powerball, there are no maximum jackpots available. It will continuously roll over until all the numbers are matched. The highest Powerball jackpot was \$1.586 billion won on Jan. 13, 2016. Currently, each play costs \$2 or for a power play option it will cost \$3.

At present, you can use your mobile phone to play Powerball. There are many apps that can be used in any Smartphones for playing Powerball. This app allows the player to choose numbers for Powerball draw. In Powerball, the minimum bet is \$2. There are two sets of ball white and red. A player has to choose five balls from a set of 69 white balls and one ball from a set of 26 red powerballs. Players can choose their numbers or can randomly select them from the terminal. In each drawing winning numbers are selected using two ball machines. In reality, each of the number is chosen in a certain time. In this app numbers are chosen using an algorithm that is specially designed for this app. This is a two dimensional app, and it generates numbers that contain in the specially developed algorithm. This method is unique in the world that acts like real lottery draw. Like real lottery, this algorithm allows the player to choose the number in a certain time. For that reason, it automatically generates both time and number. This unique feature of the Powerball app makes it similar to real life Powerball game. In each drawing, five white balls and one red ball are chosen from two different machines. For winning the game, you have to match at least three white balls and/or the red ball. While you are using this app, you can select the number of even and odd numbers to be generated by the app. There is also an option available for selecting random lucky numbers and some additional numbers; however, that can also be generated in a certain time period.

Like [Mega Millions](#), [EuroMillions](#) and a lot of other lottery game being played in the world, [Powerball lotto](#) also entails a number of cash prizes and big jackpots. Powerball lotto is one of the best lottery games in USA. It is a multi state lottery which is expanding more rapidly due to its

high valued jackpot, starting from US\$ 40 million. Another very attracting feature of Powerball lotto is its Power Play for which the player has to spend only one dollar extra. Power Play option allows you to win even bigger cash prizes and jackpots, almost double the original ones.

Winning Powerball lotto is not so simple that every player can win the cash prize or jackpot. It is really a bit difficult job. For playing Powerball lottery, you need to **select 5 regular numbers from a pool of 1 to 69 white ball numbers and one Powerball from 1 to 26 red balls** Your success depends on how much your numbers match with the drawn numbers. If all the six numbers match with Powerball winning numbers, you would be winner of jackpot.

It is not possible that all your irregularly picked numbers hit the jackpot. For this purpose you are required to use maximum of your expertise. However, there are certain lotto apps that could be helpful. But most of the apps are also spam. Therefore, we have developed best lotto apps at our website [www.mylotto-app.com](http://www.mylotto-app.com). The Powerball lotto app at our website can generate two dimension odd and even numbers based on algorithm. It is unique in the world that works like real lottery draws and you can select your favorite number to win the Powerball jackpot.
