This two-dimensional app generating numbers contains an algorithm, **UNIQUE IN THE WORLD** that acts like real lottery draws. As in reality, every number is chosen in a certain time. This is how it happens with the app and it generates the time as well as the numbers, being the closest simulation to the real lottery draw.

You can choose how many even and odd numbers the app to generate and play.

There is also a random option for Lucky Numbers and Additional Number that generates numbers randomly but in a certain time.

Players may pick six numbers from two separate pools of numbers – five different numbers from 1 to 39 and one additional number (Thunderball) from 1 to 14. You win the jackpot by matching all six winning numbers in a drawing.

For further details or any questions please send me an email at [\[email protected\]](#)

Disclaimer:

This application has no link in no way with an Thunderball organism and it does not allow to participate in the official game of the Thunderball

## TIPS:

Generate almost equal numbers odd-even, until you see your favorite number. Mathematically, these numbers you have to play about 25 times. It is not easy but it is the best way to win!
